- Events held across the Limestone Coast
- Collaborations with local partners
- Member & Sponsor training and events
- 2 Supporting Each Other in Business Luncheon
- 3 Empowering Women in Business Breakfast
- 4 Masterclasses
- 4 Relax & Connect

## CHAIRMAN'S REPORT

As we find ourselves reflecting on the 21/22 year we are reminded how incredible the WiBRD community really is. The year has had many highlights and it is exciting to see the numerous achievements of our network presented in this report. While the year has certainly seen its challenges, the Board has continued to be clear on our purpose and feels the need for organisations such as ourselves is more important than ever. In a climate where connection has become such a precious commodity, we feel that our continued emphasis on this has supported our community.

WiBRD is a not-for-profit organisation based in the Limestone Coast region. We have been supporting and developing the capabilities of regional women in our community for the past 23 years and will continue to do this for many years to come, with our vision to champion regional women as leaders and change-makers. The WiBRD membership and partnership base represent wide and varied industries from within the region from hospitality to agriculture, timber, and manufacturing. We have a clear mission to grow the potential of regional women and support them to create powerful legacies by building their leadership capacity and presenting a strong regional voice.

As the region's highest-profile member-based organisation and in the absence of any substantial grants, our partnerships with partners and members are key to the success and viability of WiBRD. I would like to sincerely thank you all for your support and commitment to our vibrant organisation as we continue to drive growth through innovative channels. We understand that being in business and working in business has been challenging in the current climate and therefore want to emphasize our gratitude for your support and highlight our dedication to supporting our community.

WiBRD is operated by a voluntary Board (many of whom run their own successful businesses & hold a variety of roles within our community) with administrative support from a contracted executive team. Board members actively contribute to the operation of the organisation not only as board members but also as active committee members. The high-profile and connected members of the Women in Business & Regional Development Board work tirelessly to ensure the network remains viable and supportive of our community and the many industries and members we represent.

I would like to take this moment to thank our Board who continue to amaze me. In particular, I would like to thank those Board members that have finished their terms with WiBRD in the 2022 financial year including Danielle England and Cindy Bunt. I would also like to thank Kylie Boston our Executive Officer. Having been in the role for over 18 months now Kylie continues to work with our board implementing all the incredible ideas that we come up with. The Board & I are incredibly lucky to work with such a passionate, talented lady.

We have as an organisation have been leaning into 'BRAVE' decisions that will be instrumental in the sustainability of WiBRD and I could not be prouder to work with such an incredible group of women.

## CHAIRMAN'S REPORT

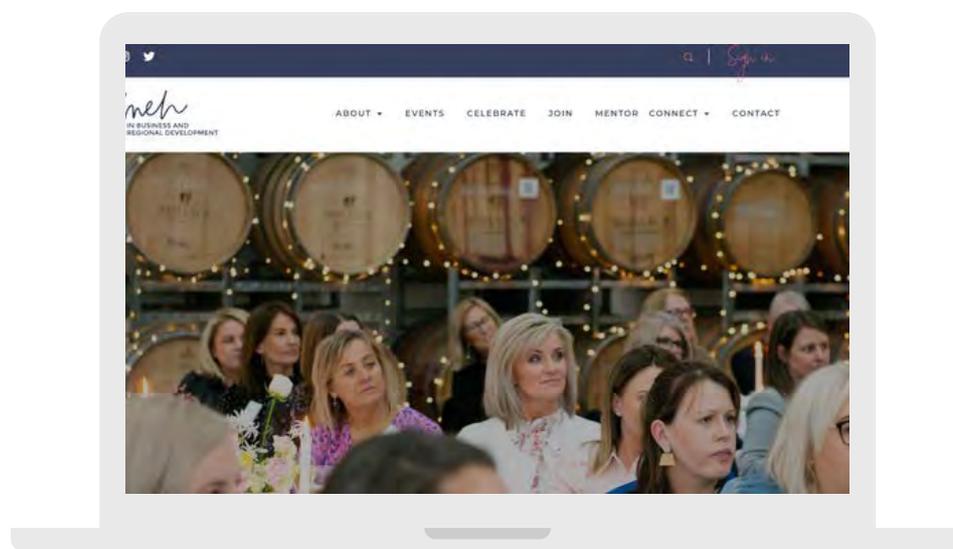

As a Board, the last year has certainly seen us focus very strongly on our strategic direction and on our vision to champion regional women as leaders and change-makers. With the continued implementation of our updated strategic direction going through to 2023/24 we maintain a strong focus on our mission, to grow the potential of regional women and support them to create powerful legacies through building their leadership capacity and presenting a strong regional voice.

What the women on our Board and committees have achieved this year is nothing short of amazing. In the last year have held or been involved in 27 events. I can tell you as someone that has been involved with events for many years 27 events this year have not been like 27 events in any other year – it is more like 57!

In addition to this, we had the clear direction to be 'at the table' – having important conversations and advocating for our regional women. Our Board and Executive officer have dedicated countless hours to achieving this with incredible results.

We have worked tirelessly on developing a Mentoring program with funding that we received from the government. Our 'Mentor Connect' program will be released very soon.

As a Board, we have looked in depth at how we can deliver the best memberships & partnerships to individuals and businesses in our community. We are very excited to be releasing something on this very soon.

## CHAIRMAN'S REPORT

As a not-for-profit organisation our Partners and Members are key to our success and viability. I would like to sincerely thank all of our partner, your support and commitment to our vibrant organisation allows us to exist.

Our priorities in the coming year are to ensure the Board and organisation are supported to do their best work. There is no doubt that the world is ever-changing, we are committed to ensuring that we are seeking innovative measures to support and connect our members and partners. We have delivered an unbelievable amount of work behind the scenes in the past year with our focus for 2022-2023 being our Members and our Community which will see the implementation of the many wonderful programs and initiatives we have be designs. We will also be continuing our succession planning and continually review our strategic direction to ensure it aligns with our community and purpose.

We thank each and every one of you for your support of not only our events but your contribution of your time and resources, openly feeding back to us to ensure we are delivering what you as members are getting benefits from and dedication to our vision.

## TREASURER'S REPORT

Welcome to my first Treasurer's Report with Women in Business and Regional Development. 2021/2022 was another busy year in which we completed many vital projects. We continued to be impacted by COVID-19 and had to adapt many event plans along the way.

As a Board, we have focused on our long-term strategy to ensure our organisation's sustainability and relevance for our members' benefit. For the FY21/22 year, we have had 125 Members and 36 Partners with varying partnership levels. We want to take this opportunity to thank our Partners for their ongoing support. The representation of Members and Partners was spread across several industry types, with the highest representation being in retail, financial services and the health and wellbeing sector.

Our event income was lower in 2021/22 than the previous year. This was due to less partnership revenue. Unfortunately, we could not secure a similar number of Silver and Logo sponsors as the year before and with the two-year structure of partnerships, a large number were paid for in 2021. However, this has resulted in us examining how we structure our memberships and partnerships and the timings around payments. We are confident our new proposed membership structure will see the finances of the Association more balanced, which will see us evolve considerably. COVID has continued to significantly impact revenue from events throughout the year due to cancellations, restricted numbers and confidence from the community around the spread of the virus.

In 2021/22, we have heavily invested in our digital resources, mainly in transforming our website. This provides an improved, user-friendly digital presence for our members. We have also streamlined some of our operations with the collaboration of a social media agency and Virtual Assistant, which assists with marketing and general operations. We are starting to see the efficiencies these two aspects bring to the operation of the Association. The board acknowledges the loss of \$26,148 made in 2021/22, mainly due to the investment in our website upgrade of \$12,425 and a reduction in partnership income processed in this financial year.

The increased presenter costs were, at large, mitigated by WiBRD successfully partnering with several event sponsors to cover these costs.

Our focus for FY22/23 is to launch our new membership structure, roll out the mentor connect program, and host our business awards and scholarships. There are many exciting aspects to come, which will continue to ensure the financial stability of the Association.

Thank you to all of the Board members I sit alongside for all your work. Particularly to our recently departed members, and I warmly welcome our new board members. The 2021/2022 auditors report was completed by Mariska Hawke at Galpins.

**Nicole Reschke**  
Treasurer

**WOMEN IN BUSINESS AND REGIONAL DEVELOPMENT INC.**

**NOTES TO THE FINANCIAL STATEMENTS**

**FOR THE YEAR ENDED 30th JUNE 2022**

**Note 1: Statement of Significant Accounting Policies**

The financial statements are a special purpose financial report prepared for use by members of the Association. The committee have determined that the Association is not a reporting entity and therefore there is no requirement to apply Australian Accounting Standards, Australian Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board in the preparation and presentation of these financial statements.

The financial statements have been prepared from historical cost records and do not take into account changing money values or, except where stated, current valuations of non-current assets. The cash basis of accounting has been adopted. The financial statements have been prepared on the going concern basis, and the concept of materiality has been applied. No accounting standards, accounting interpretations or other authoritative pronouncements have been applied.

The following material accounting policies which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial statement.

- (a) **Income Tax**  
The association is exempt from Income Tax.

**WOMEN IN BUSINESS AND REGIONAL DEVELOPMENT INC.**

**STATEMENT BY MEMBERS OF THE COMMITTEE**

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee the accompanying financial report:

1. presents fairly the financial position of the Women in Business and Regional Development Inc as at 30 June 2022 and its performance for the year ended on that date,
2. at the date of this statement, there are reasonable grounds to believe the Women in Business and Regional Development Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the committee and is signed for and on behalf of the committee by:

Dated this 11th day of October 2022

.....  
Chairperson

.....  
Member

## EXECUTIVE OFFICER'S REPORT

"We grow the potential of regional women and support them to create powerful legacies" has again been a focal point for the Board this year. It was with this mission statement that we reviewed the key areas of operation. It redefined our Values and Focus Areas: Sustainability, Community Engagement, Building Leadership Capacity, Advocacy & Voice and Building a Culture of giving back. We are now focusing our energy on these areas.

We have also taken on a significant investment from our savings to rebrand our organisation along with a total rebuild of the website, these changes have been amazing and we hope you are as excited about our new brand as we are. Our website is now more functional for our members and can accommodate the programs like Mentor Connect we are embarking on.

This year has seen major changes in our operations team, with Abby Ross leaving us for full-time work, we wish her all the best and appreciate her contribution to our organisation. We have therefore made some changes and are now working with a virtual assistant and her team who are providing our administration support, website maintenance, membership communications, and general support to myself and our organisation. We are also excited to have started working with a team of digital marketers, who are implementing our impact strategy, by utilising social media and paid advertising to attract, grow and maintain an audience, and generate brand awareness to maximize our membership. As a Board, we believe this will stand our organisation in good stead moving forward.

Over the following pages, we have highlighted key areas and considerations for the operations of the FY21/22 year, in particular the challenges and opportunities in response to the lingering COVID-19 restrictions, the vital membership and partnerships of our network, our ever-growing community collaborations, media and communications and of course our governance and strategic direction.

Unfortunately, COVID-19 has continued to affect our events and activities into 21/22, we have continued to be flexible in the way we deliver events to our community. Also mindful of supporting our local businesses whose services we use to provide these events and activities.

As an organisation dedicated to providing a framework for women in our community to enhance business contacts, develop friendships and strategic alliances to continually strive for business and personal growth, we are continuing to improve ways we communicate with our members as well as allowing our members and partners to connect with relevant business and or people to enhance our community.

**Kylie Boston**  
Executive Officer

## Membership and Partnership

As a not-for-profit organisation, we are constantly looking to build our membership & partnership base to ensure a sustainable and relevant organisation for the benefit of our members. The strength of WiBRD is our valuable members and partners. This gives us the ability to empower all women through training, networking, and supporting professional women including small business owners, career professionals, up-and-coming businesswomen and entrepreneurs.

*“The strength of  
WiBRD is our  
valuable  
members and  
partners”*

As of June 2022, WiBRD had over 125 registered members of varying types from the Corporate, Individual, and Partner members. Our Partnership has remained stable with 36 business partners, this continues to be a positive for the organisation, we are proudly involved with over 24 different industries in our region. The representation of members are spread across a number of industries with the highest representation being in retail, financial services, and the health and wellbeing sector. A focus by our organisation is to bring in new industries and for businesses to empower their staff by joining as members and sending their staff to our events was a key focus for FY21/22.

In the absence of grants or philanthropic support, membership and sponsorship are critical to the financial viability of the network. The Board has been working tirelessly to ensure that members and sponsors are provided with relevant, varied, and affordable opportunities that strengthen, empower and build connections within our community.

Our challenge will be to continue these partnerships into the future, and it is with this in mind that the Board has spent the last three months reviewing our membership and partnership. With forward-thinking, we have taken on a totally new renewal of our packages and are excited to present them later this year. We recognised we needed to be forward-thinking and offer much more to our members and partners and therefore have introduced what we believe will be a game changer to the way we support our valued members and partners to create powerful legacies. This effort is part of the strategic focus of increasing member and partner interaction with our organisation and thus increasing future members.

## Building our Community Partnerships & Collaborations

During this past 12 months we have continued to highlight to our community the importance of collaboration. WiBRD are the connectors between many stakeholders within the region, providing a platform for collaboration with key partners such as UniSA, Flinders EnVision, City of Mount Gambier, Regional Development Australia Limestone Coast, The Mount Gambier Chamber of Commerce, community groups and industries. We have enjoyed further strengthening these relationships to further support our community.

We have been excited to support McKillop Farm Management Group with the formation of the Limestone Coast Women in Ag Network (LCWiAN), this is a network for women in the agriculture industry in the Limestone Coast to communicate with and support each other in both a social and a professional capacity, building strong connectedness in the region. We supported them in several events for this year.

We also continue our relationship with the Limestone Coast Green Triangle Innovation Collective, participating with several events during the Innovation Festival, held in May.

As part of our Network, we continue with our private Facebook group. The purpose of this group is to share information, build connections, socialise and get to know each other! Once you have joined our Network, you'll be directed to Facebook to join our group.

We are confident that these relationships and collaborations leave us in good stead to really make a difference in our community, and to assist in supporting businesses and individuals in recovering from what have certainly been unprecedented times.

## Media & Communications

We continue on focusing on improving our website to provide a more streamlined process to our members and improve our efficiencies. Hence we made the decision to make the investment to rebuild the website so it is more functional for our memberships and online platforms such as Mentor Connect.

WiBRD's social media reach continued to climb this financial year with our digital marketers, who are implementing our impact strategy, this includes Facebook, Instagram, LinkedIn, our website, and electronic direct mail.

Facebook and Instagram have increased by almost 10% this financial year to 2,776 likes and Followers 2.810 and an organic reach of 2,810 for Facebook and 23,653 for Instagram for the year. WiBRD has an email database of over 600 subscribers from around the region. Of our more than 65 electronic direct mail campaigns, over 10,000 people uniquely opened these emails to find out more about our fantastic organisation, a 6% rise from the last period.

## Governance & Strategic Direction

The Board continues to upskill, to ensure we are aware of our obligations and capabilities to remain a respected and viable network for the community.

A strong focus for the year has been the overall governance of the organisation. We continue to implement our new strategic direction going through to 2024 with a strong focus on building the leadership capacity of regional women and a strong regional voice.

Our Board is working tirelessly on implementing the strategies to ensure our WiBRD remains viable and supportive of our community. As one of the region's highest profile member-based not-for-profit organisations, WiBRD have a clear vision to champion regional women as leaders and change-makers, growing their potential and supporting them to create powerful legacies.

## 2022 Partner Gratitude Gifts

This year due to the Covid-19 restrictions we were unable to hold our normal launch in February. So our way of thanking our partners was by way of small gifts.

We are truly grateful for our partners making an investment into the future of women, business and the limestone coast. Our partners belief in what we do inspires us to strive even harder to create a strong, visionary and connected community.

## 2022 Mentor Connect

For many of us, the last couple of years have been challenging, to say the least. Here at WiBRD, we often hear from our members that reserves are low; 'tanks' are empty. We know the power of Mentoring to inspire and ignite passion. We know that mentoring is one way to fill those depleted reserves. This is one of the main reasons why we are excited to offer our Mentor Connect Program. This program has been developed with simplicity and impact in mind. A simple process that has the potential to create powerful connections for you.

Mentoring aligns so well with the 'pay it forward' culture that already exists in our WiBRD community and our Limestone Coast community. A good mentoring program also reinforces the idea that everybody has something to teach and something to learn.

Anyone who has ever experienced a mentoring relationship will know that it can be comfortable and uncomfortable both at the same time – it's a wonderful opportunity to be in a safe space and get 'uncomfortable' by challenging yourself to learn/feel/think something new. There is great power in a mentor who is intentional with their time, it can challenge us to be intentional with our actions.

We are excited to bring this fully funded program by the Building Better Regions Fund, Community Investment stream, so if you would like to be a mentor &/or a mentee and take the opportunity to connect for two by one-hour sessions on a focused topic of your choice then please apply for round one of our program.

## EVENTS REPORT

Our events committee has again worked exceptionally hard to bring our members some fantastic events.

While the COVID-19 pandemic has certainly impacted our events needing to adapt and postpone, we have managed to hold many successful programs and initiatives.

Some of the highlights undertaken by WiBRD in FY21/22 include the Mentor Connect speakeasy, the International Rural Women Luncheon, a collaboration with the Limestone Coast Women in Ag Network Events, Empowering Women in Business Breakfast with Dr Gemma Munro with the Mt Gambier Chamber of Commerce. We again held the successful UN International Women's Day Breakfast in Mt Gambier and Naracoorte.

Our events such as our Supporting each other Luncheons, Empowering Women in Business breakfasts and the Relax & Connect continue to develop and provide a platform for connection through great conversation, networking and celebration. As leaders in the event landscape, we have continued to focus on providing quality events for FY21/22 which have been well attended and improved engagement and collaboration with our community.

Our collaboration of the Empowering Women in Business Breakfast with the Mt Gambier Chamber of Commerce brought Dr Gemma Munro to the region, with the support of Limestone Coast Green Triangle Innovation Collective, Innovation Festival, which was a great example of what can happen when organisations collaborate in the interest of our members and provide opportunities for exceptional events for all in attendance.

We have also valued the relationship with NBN and appreciate their involvement in allowing us to bring speakers to the southeast.

"Our events such continue to develop and provide a platform for great conversation and celebration..."

## EVENTS REPORT CONTINUED

Our focus for 2022 and beyond will be to grow this connection across the region through events, online events & training. Our our events committee is currently finalising plans for 2023 which will look different to 2022, we are incredibly excited for what we have instore for 2023.

We continually strive to focus on **building connections** within the community between our members, partners, key stakeholders, and other community members. The importance of these connections, particularly over the last year has been highlighted. All of our events have been designed around establishing and maintaining true connections and offering different opportunities to suit everyone within the community. Each of our events grows the potential of regional women and provides a platform to create powerful legacies. Through our pillars, we have and will continue this focus into the future and look forward to continuing to provide space and time for regional women to be championed as leaders and change-makers. Our events offer FUN and celebration that we feel is vital in the world we are living in.

**Jacinta Jones**  
**Events Committee**  
**Chair**
